GENETICS SOC.

June 2, 1952

Dr. A. E. Mirsky
Chairman, Program Committee
Rockefeller Institute for Medical Research
66th Street and York Avenue
New York 21, N.Y.

Dear Alfred:

Miss Fried and I are submitting an abstract to be read by title at the Genetics meeting. We realize we are behind the deadline, and will not complain if it must be excluded. From my own experience on a program committee, I thought it possible that consideration of the titles had been postponed so that the inclusion of this one would entail no inconvenience. If I am wrong-- throw it out!

Sincerely,

Joshua Lederberg
